Mailing Address: Hatiabo, BOF-1703, Gazipur Sadar, Gazipur
Date of Birth: 12 June 1997

Professional Summary

Experienced in industrial systems and enterprise software, delivering SaaS applications, building on PaaS platforms, and managing infrastructure aligned with IaaS principles—driving end-to-end automation across production, operations, IT, MIS, and business processes.

Academic Background

- **M.Sc.** in Mathematics - CGPA 3.42 / 4.00
Dhaka University of Engineering & Technology - DUET. (2026)
- **B.Sc.** in Electronics & Telecommunication Engineering - ETE - CGPA 2.83 / 4.00
Rajshahi University of Engineering & Technology - RUET. (2022)
- **HSC:** Rajuk Uttara Model College. (2014) - GPA 5.00
- **SSC:** Gazipur Cantonment Board High School. (2012) - GPA 5.00

Professional Experience

Automation Engineer

(Feb 2026 - Present)

Floreal Bangladesh - Ciel Textile, Savar, Dhaka.

www.cieltextile.com

- **Developed and deployed** 15+ enterprise automation systems using Power Platform, Python, and MS365, reducing manual process effort by 70–80%
- **Architected workflow** automation and approval systems handling 30000+ transactions/month, improving turnaround time by ~80%
- **Owned full system lifecycle** (BRD → SRS → UAT → Deployment), delivering 15+ production-ready solutions with minimal post-release defects.
- **Implemented** RBAC, data models, and system integrations supporting 800+ users, improving process control and operational visibility by ~60%
- **Projects Delivered:** Gate Pass, GRN, Store & Purchase Requisition, IT Helpdesk, Maintenance Service, License Reminder, Vehicle Management, Inventory & Asset Management, Employee Onboarding, Automated Label Printing, 6S Evaluation, Central Application Management Hub.
- **Major Recognition:** Champion – Ciel Textile Global Kaizen Competition 2026.

System Administrator

(Dec 2023 - Nov 2025)

SDS International Ltd - Gildan, Savar, Dhaka.

www.gildancorp.com

- **Managed 500+** MES machines and 400+ SCADA nodes, maintaining 99%+ system availability in a 24/7 production environment.
- **Reduced production downtime** by 80–90% by implementing proactive monitoring, structured RCA, and stabilizing operations.
- **Accelerated incident resolution** by ~70% by leading deep system diagnostics and driving rapid fixes across infrastructure and application layers
- **Coordinated with** 15+ global and local teams (Infra, DB, Cybersecurity, Wintel, BA, Application, OT) and international vendors to deliver system fixes, upgrades, and integrations
- **Projects Delivered:** Orgatex (Dyeing & Compacting), Color Service & Bitacora (Chemical & Color Dispense), Vanguard (Knitting), Panta Rei (ETP), BRB (Cutting), Bianco (Squeezing), Schneider & Siemens Solutions (SCADA, Microgrid, Water, Generator, Gas, Diesel, Solar).
- **Major Recognition:** Operational Excellence Award - Gildan Global IT GPAT 2024

Product Development Engineer

(Oct 2020 - Nov 2023)

Desh Universal Private Ltd, Mirpur, Dhaka.

www.deshuniversal.com

- **Led end-to-end migration** of legacy web application to MVC architecture, enhancing system scalability, maintainability, and code modularity by ~60%
- **Delivered and optimized** 15+ ERP/CRM modules, supporting 300+ institutes and improving system usability, user adoption and operational efficiency
- **Conducted extensive** QA and A/B testing, reducing system bugs by ~60% and improving overall product reliability.
- **Collaborated in Agile** development environment to deliver iterative releases, improving delivery speed, requirement clarity, and cross-team alignment by ~40–50%
- **Projects Delivered:** Student Information & Collection (SICS), Human Resource (HRM), Payroll (PMS), Accounts (FAMS), Result (RMS & Result Analytics), Attendance (ANS), Notification (SMS & Email), Inventory (IMS), Library (LMS), Hostel (HMS), Security (SICS), Admission (Vorti-BD), Portals (Incident, Teacher Student Parents - TSP).
- **Major Recognition:** Deep Problem Solver Award - 2022 & Team Achievement Award - 2023

Technical Proficiencies

- **Programming:** Python, JavaScript, HTML, CSS, MATLAB
- **Database:** MS SQL Server, MySQL, Dataverse
- **Infrastructure:** Windows Server, Linux, Active Directory, DNS, DHCP, Cisco Catalyst, Nagios, Azure
- **Design:** Figma, Microsoft Visio, AutoCAD, Siemens TIA
- **Analytics:** Power BI, Tableau, Excel, ML, DL, NLP
- **Platform:** Power Platform (Power Apps, Power Automate), MS365, SharePoint, Google Workspace, Oracle ERP
- **QA:** Postman, Selenium, Unit, UAT, A/B
- **PM:** Git, Jira, Service Now, Notion, Agile, Scrum, SLA, SOP
- **English Language:** CEFR Level - C1 Advanced
